PART OF LIXIL

American Standard

LIFE. LOVE. HOME.

For almost 150 years,

our commitment to quality,

innovation and performance

has made us a part of

your bathroom and kitchen routines.

From faucets, bathtubs, showers,

and toilets, our products help

make life happier, healthier, and simpler

in the home and at work.

PART OF LIXIL

A Legacy 150 Years in the Making
For a century and a half, American Standard has been more than a name—it's been a part of everyday life. From morning routines to moments of pause, in homes, offices, schools, and public spaces, we've been there. This year, as we celebrate 150 years of trusted performance and timeless design, we reflect on the millions of moments made possible by products built to last. Our commitment has never wavered: to deliver quality, innovation, and comfort to the spaces that matter most. Here's to the next 150 years of shaping how people live, work, and feel at home.

A Legacy Carried by the Trades
From the beginning, our products have been brought to life through the skill, dedication, and pride of plumbers—those who protect the health of the nation with every connection they make. They are the first line of defense for our communities, ensuring safe, clean water and sanitation in homes, hospitals, schools, and beyond. Every valve turned and seal tightened is a reminder that true craftsmanship is about more than precision—it's about trust.

Built to Earn Your Confidence
We design every fixture with the trades in mind—engineered for reliability, ease of installation, and long-lasting performance. We know that when a plumber chooses American Standard, it's not just about the product—it's about their name, their reputation, and the families they serve. As we celebrate 150 years, we say thank you. Thank you for your dedication, your expertise, and your continued partnership in raising the standard of living, one install at a time.

LIXIL

LIXIL is the most comprehensive global company in the housing and building industry. We provide human-centric innovations that enhance people's living spaces. From sanitary fixtures and fittings to a full lineup of materials for houses and major architectural buildings, we bring together connected expertise, beautiful design, reliable quality, and a responsible approach to business.

Today, we are a global enterprise with over 60,000 employees worldwide. Whether for a modern office in a business complex, a family home, an airport, or a museum, our ambition is to create a good living by focusing on living technology that genuinely enhances our everyday lives.

LONGEVITY

For almost 150 years, we've been setting and resetting the standard of health, safety, responsibility, and beauty.

Some are satisfied with the status quo, never thinking to challenge what's possible or to imagine what could be. Our passion for a better tub, toilet, faucet, sink, and world never stops flowing. We will continue to plumb the everyday life cycle to optimize our products so people's lives are optimized, too. We will push ourselves and pull for each other. Working united with plumbers and partners. We put innovation, work ethic, ingenuity, collaboration, and passion into every American Standard product.
